

Full Professor at the Civil Engineering School of the University of Coruña (UDC). Graduated in Geological Sciences (1983-1988) and Ph.D. by the University of Barcelona (UB; 1989-1993). In the past 25 years he has taught graduate, postgraduate/master and doctorate courses in the UDC, UB, CEDEX, etc. He currently teaches geology, rock mechanics, hydrochemistry, geochemical modeling. After completing his graduation he worked for the company TAGSA (1987), joining the competitive FPI fellowship government program at the Faculty of Geology of the UB (1989-1991). Between 1991 and 1995 he was Assistant Professor (UB) and Associate Professor of the UDC (1995-2011). He has developed research stays at the Department of Geology (Univ. Nacional del Sur, Argentina, 2001); Faculty of Chemical Engineering (University of Guayaquil, Ecuador, 2001), US Geological Survey (USA, 2000) and Dept. Geological Sciences (University of Michigan, USA, 1990-1991). Author of >120 scientific papers, >140 contributions to national and international conferences, participated in >24 competitive research projects (>15 as PI), >75 R+D contracts with companies, corporations and administrations (ENDESA , ENRESA, GAS NATURAL FENOSA, INDITEX, REPSOL, CEIMA, CIUDEN, ENCASUR, EMALCSA, AUGAS DE GALICIA, etc.). He has been director of doctoral theses (some with excellence award), M.Sc. dissertations, etc and acted as member of 29 Ph.D. committees. Reviewer of scientific papers for journals, conferences, grants, fellowships, etc. Coordinator of Engineering & Architecture of the ANECA Agency and Earth Sciences Commission of the ANEP. Director of MACLA magazine (2007-2011). Associate news editor (ELEMENTS, 2008-2011). Member of the Board of Directors of the Spanish Society of Mineralogy (2007-2010). Coordinator of the Reference Group GEAMA (2005-2011). Research Award of the Royal Galician Academy of Sciences (2004) and Young Researchers Medal of the Spanish Mineralogical Society of Mineralogy (1995).
